Hi everyone!

I am so excited to welcome you to Expression Dance Studio's 12th Annual Recital, "On Top of The World!" Reaching our 12th Anniversary has been an exciting achievement and I am so proud of the last 12 YEARS of owning Expression Dance Studio!

This year's shows are so special to me. It has been 2 years since we have seen our dancers on stage! So much has changed since our last recital on stage - specifically, the past year through COVID. I can honestly say it has been the most trying year of my life. Closing our doors back in March of 2020 and moving to Zoom made me feel so nervous and uncertain for the business and dance family I had spent 11 years building. How would we survive, how would we keep our dancers motivated, how would have a virtual recital, what would the 2020-2021 season look like? There were so many unknowns, and I felt like I had to reinvent the wheel. Words will NEVER adequately describe how amazed and proud I am that our entire EDS Family pulled together and made this the most memorable and wonderful year yet! Our passion was re-ignited for dance and for community.

This year has also been the BEST year of my life. Not only did I become a mom, but I have watched our dancers overcome every obstacle they faced with grit and determination. Through Zoom and new protocols, I have watched our dancers pour their hearts into their craft. Nothing stopped them from pursuing their passion! I am beyond proud of my EDS Family and today I am so grateful for everyone that stayed with EDS through this crazy year! I am so thankful for my staff, my students and my family. There is NOTHING we can't overcome together!

When I opened our doors in the fall of 2009 I never could have imagined the great success and goals we have achieved. Dreams can come true and I feel my studio is the living proof of that.

My mission has been to provide students with a safe environment in which they can express themselves through movement. My instructors are always encouraging students to express their own unique individuality and style. Everyone who joins Expression Dance Studio immediately feels a part of our dance family. I encourage my dancers of all ages and abilities to find their passion for dance. Whether a dancer is 18 months or 100 years old, there is a place for them at Expression Dance Studio.

From the bottom of my heart, I want to say thank you to all of the families that have invested their time and believe in Expression Dance Studio's mission. My faculty and I are inspired every day by our students and we are very passionate in making our dancers the best they can be. I know you have many options when it comes to your children's dance education, but I am grateful for you trusting in our program and allowing us to be a part of your children's lives. I promise to continue to work hard, learn and grow in a positive manner to always give you the best experience at Expression Dance Studio. We look forward to many years of dancing together.

Happy 12th Anniversary!

Now sit back, relax and enjoy "On Top of The World!"

Love,
Amber Saraceno

Griffin Chapman

ALUMNI

2010 - 2021

"I started dancing at Expression when I was in 2nd grade, the year after the studio opened. As the years went by, I slowly began to get more involved at the studio which led to me making more friends, and looking back 11 years later, those friends would eventually become family. Now I'm off at North Central College double majoring in Mathematics and Secondary Education, so a brand new chapter has started in my life. Despite this being my last year at the studio, I will always look back at my time here with the utmost fondness and gratitude."

SENIOR SPOTLIGHT: Ella Fix

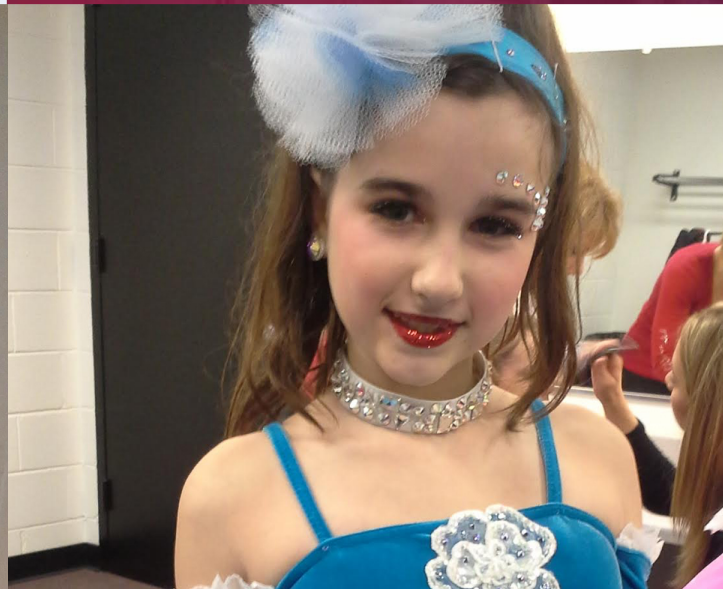

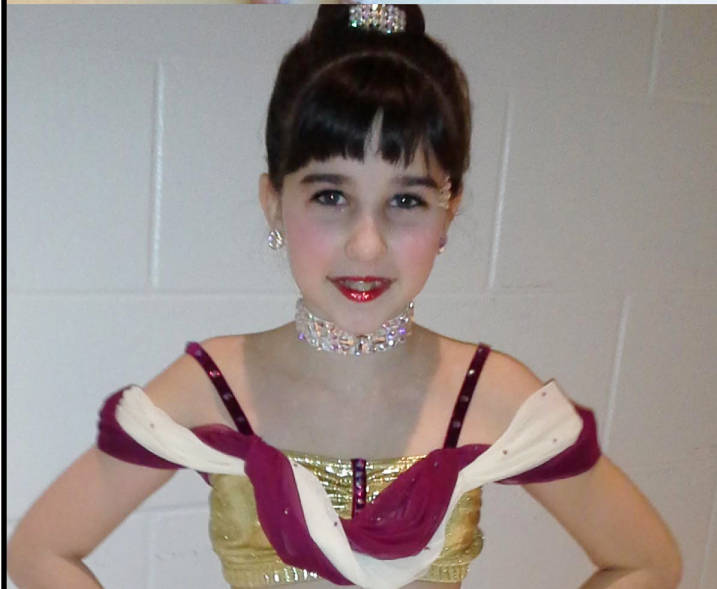

Ella Fix

ALUMNI
2009 - 2021

"I have been a company member at EDS for 12 years, since the studio opened in 2009, and I have loved every minute of it! I am honored to have learned from so many talented teachers and dancers, and this studio has helped me grow in ways far beyond just dance technique. Although I am sad to leave the unforgettable friendships and memories I made at EDS, I am excited to start a new chapter of my life. I will be attending Purdue University, with a major in Engineering, and I hope to join one of the dance companies there. My EDS family will always have a special place in my heart, and I will cherish this experience forever."

SENIORSPOTLIGHT: *Katie Kramme*

Katie Kramme

ALUMNI

2018 - 2021

"When I was fifteen years old, I walked into Expression Dance Studio for the first time. Having come from another studio, I was nervous because I didn't know anybody and was worried that I would be seen as an outcast. Within the first ten minutes of the class, I had multiple girls come up to me and introduce themselves, and after the first week, I knew that EDS was where I belonged. Although I've only been here for three years, it feels like I have been here for a lifetime, and as I go off to college, I will cherish the memories and friendships that I have created with such amazing people."

I will be attending the University of Iowa this fall to study psychology, with the hopes of becoming an Industrial-Organizational Psychologist. While at Iowa, I plan to be a part of sorority and to join the dance club. Leaving Expression Dance Studio is going to be difficult, but I cannot wait to see what my future holds. What I do know is that dance will always be a part of it, and EDS will always be my home."

SENIOR SPOTLIGHT: *Anna Pellegrino*

Anna Pellegrino

ALUMNI

2018 - 2021

"When I first made the decision to audition for Expression Dance Studio, I wasn't completely sure what I was walking into. I didn't know anyone there and I knew that all the girls had been dancing together already for years. However, I remember how quickly I felt like part of the team and knew I made the best choice. I found some of my closest friends here at EDS and they have helped me grow not only as a dancer, but also as a person. I am so thankful to all of my Elite Seniors, Miss Amber, the teachers, and everyone at EDS for making my time here so rewarding. While this wasn't the senior year I had hoped for, I am grateful to everyone who made it as special as it could be given the circumstances. While it is going to be difficult to say goodbye, I am excited for my future. I will be attending the University of California, Los Angeles (UCLA) for the next four years and studying Chemical Engineering. I'm so excited to move to LA and for the opportunity to meet so many new people and try new things."

Alyssa, Maeve, Elena, Kelly, Annabelle and Liza,

We are so proud of you girls! It's been quite a unique year, and it's been heartwarming to see how you've prioritized time for each other even during socially-distanced times. We cannot be more excited to witness the young ladies that you are becoming, but more importantly, the memories that you are creating.
